POSTAL RECEIPTS ARE ALways a good indication of the financial health of a city, it is said. If this be so then Lemon Grove is fast approaching the millionaire status which until recently was enjoyed only by La Jolla.

According to Frenchie Faucher, Grove postmaster, the first ten months of 1953 produced $58,852.00 in revenue against $45,794.00 the year previous, an increase of about 30%. In the first ten months, he adds, the local post office has handled 150,000 more pieces of mail than it did in the same period last year. Total pieces of mail handled this year add up to over 2½ million, and the Xmas rush hasn't started!

Stuart Harvey's Condition Called 'Serious'

Stuart Harvey, son of Mr. and Mrs. Paul Harvey, 3923 Quarry Rd., who was hurt in an explosion in his kitchen last Thursday, was reported in "serious" condition at Quintard Hospital last night.

Physicians say that partial vision may be restored in one of his eyes. Both his eyes were damaged in addition to other injuries.

A freshman at State College, Stuart was an honor student at Helix. He was voted the student most likely to succeed and also the best scholar on the football team in 1952-53.

It is believed he was conducting a chemical experiment in the kitchen when the explosion occurred.

LETTERS TO THE EDITOR

Editor,
Lemon Grove Review:
Dear Sir:

Thank you very much for your fine interest and co-operation to establish a Red Cross Branch in Lemon Grove. I am sure that many others will also appreciate it when they realize what a Red Cross Branch means in your community.

Many are inclined to think of anything Red Cross as having to do with requests for money. This idea is so inaccurate. The purpose of Red Cross is to "give" not "take" from a community. Once a year only does Red Cross go to the American people with a request for memberships and funds with which to carry on the program.

What does Red Cross "give' to a community? First, it gives all servicemen and their families a complete social service, including financial assistance in emergency. It gives training courses to many who assist in morale building services in our military hospitals, such as Gray Ladies, Nurse Aids, Staff Aids, Motor Service drivers, etc. It sponsors and directs many recreational and entertainment activities in the hospitals for our servicemen. It provides emergency relief in disaster, and plans with Civil Denfense for assistance in a major disaster. It offers fine training courses in First Aid, Water Safety courses, Home Nursing. It maintains a Motor Service who transports service men or dependents to and from hospitals, post-polio cases to the pool, and blind to hospitals, and many other errands of mercy.

Yes, your Red Cross Branch "gives" much to your community. It is all without charge, and by volunteer workers. Surely Lemon Grove will support such a program of "People helping people" and will attend the organization meeting at the Womens' Club at 2 pm on Tuesday, November 17th.

Sincerely for Red Cross
R. W. Baird
Volunteer Field Representative

New Development For Major Corner

The opening of one of Lemon Grove's major corners to further business development was announced this week by George Casteel, local real estate investor.

Contract has already been let to remove the building he now occupies on the southeast corner of Broadway and Imperial to a location at Buena Vista and Broadway. Removal will take place about December 1st. New construction will start soon thereafter. Occupying the building with Casteel presently are Kenny Rister, insurance representative, and Stephen's Real Estate firm.

The area to be made vacant is the 30 by 55 foot corner. "We are considering several propositions," Casteel said "but we want to make certain that the development is in line with the orderly growth of the business community."

The Casteel corner has long been eyed by various San Diego business firms as an ideal Foothills location. The eventual widening of Imperial Avenue toward Encanto and the accessibility to the new freeway makes it one of the two remaining important corners suitable for improvement. The other corner is the northwest corner of Broadway and Main which is owned by the Sonka brothers This corner is under lease which has several years to go, according to Tony Sonka, one of the owners.

Grove Branch For Red Cross

A local branch of the Red Cross is to be organized to serve the community, according to R. W. Baird, volunteer field representative.

A meeting Tuesday at 2 p. m. in the Woman's Clubhouse will be utilized to set the local organization into being.

All interested citizens and organization representatives are invited to attend.

There has been no local branch of the Red Cross in Lemon Grove since the war.

To date membership list totals 55. The civic chairman reported that members had collected $906 for the Red Feather Success Drive. Curreat project of the group is the making of scarfs for the Naval Hospital.

Next meeting is to be a luncheon on Nov. 19th.

$½ Million New School Bonds To Be Voted

The Lemon Grove School Board, Monday night, unanimously adopted a resolution to hold a $550,000 bond issue on Tuesday, February 16th.

Present indebtedness of $252,000 together with $550,000 new bond issue would bring the indebtedness up to the district's capacity of $800,000. This would permit application for state aid, school administrative officials said.

The funds would be used to build 32 additional classrooms with equipment and furnishings and the building program, should the issue pass, would get under way sometime during the fall of the year.

The bonds may be issued in an amount of 5% of total assessed valuation. Present valuation is approximately 12½ million dollars. County authorities believe valuation will rise 3½ million to 16 million dollars by the time the bonds are ready for sale.

Meanwhile, arrangements will be made to have deputy registrars in the area at each school prior to the closing date for registration. George Casteel, deputy registrar, says that voters must be registered by Dec. 24th, Christmas Eve, to be eligible to vote in the school bond election. They must be residents of the county for 90 days, he added.

Trustees directed the administration to maintain the 7,000 sq. ft. 4 classroom building at School Lane and Lincoln Ave. as a storage area. The building had been abandoned previously because it did not meet state provision of "earthquake proof," trustees stated. At one time it had been used for an administration building.

Dr. Miller Sets Businessmen's Conference

A national businessmen's conference on urban problems is scheduled for San Diego, March 4, 5 and 6 of next year, it was announced this week by Dr. Willis Miller, County Planning Director.

Purpose of the conference is to inspire and aid businessmen to take the lead in their home towns in solving problems of traffic congestion and urban blight, two of the serious results of shifting populations from rural to urban areas, Miller stated.

The conference is under the sponsorship of the San Diego Chamber of Commerce.

Bob Durham To Return To Grove

Bob Durham, son of Mr. and Mrs. I. L. Durham, 3270 Main St., has returned home from overseas service in Hawaii. He is being dismissed from the service and it is probable that he will enter the insurance with his brother, Jack, who conducts such a business in Lemon Grove.

Haizlip's Pharmacy Entered - Robbed

Crowbar artists jimmied the back door of Haizlip's Drug Store early Sunday morning and stole cash and cigarettes estimated by the Sheriff's Office at close to $1,000 in value.

Pharmicist Larry Claxton of El Cajon, who discovered the break-in, said that about six cases of cigaretes were taken. These have a value of a little more than $80 each.

Receipts from Saturday left in several registers in the store totaled about $500, according to the report given the Sheriff's Office.

A salesgirl in the drugstore said the amount totaled considerably more than $500.

Haizlip's rear door is in the labyrinth like area and cannot be seen from the street or alley.

No other merchandise was bothered.

Forty of the 76 persons who died in San Diego traffic last year were pedestrians.

Traffic deaths and accidents take a sharp rise after dark, when vision is reduced.

LM Makes Strong Bid For LG Center

La Mesa Chamber of Commerce representatives met with county officials this week to discuss an offer of a free site in La Mesa for the proposed Lemon Grove Branch County buildings which were to have become a part of the County Branch Administrative Plan.

J. A. Parks, La Mesa Chamber president, told the Board of Supervisors ,that La Mesa is the center of population in the east county, is more convenient to county officials to reach from San Diego and pays more taxes than any other areas and added that La Mesa can supply the necessary site now that the approximate size of the parcel of land is known.

Meanwhile, El Cajon is in the process of negotiating with the county chief administrative officers for additional property to be added to a site already offered by El Cajon for use as part of the Branch Plan.

The County Planning Commission adopted a plan which would set a center in Lemon Grove October 23 and the supervisors have since taken the plan under study.

A local planning group, made up of representatives of every organization in Lemon Grove, with planning as an over-all project, have been fighting valiantly to hold to the original plan which would set a community center somewhere in Lemon Grove.

Mmes. Cohenour And Kraft Head Committee

Barbara Cohenour and Robbie Kraft, both members of the Woman's Club Juniors, were named this week to jointly head the committee for youth recreation by the executive committee of the Control Board of the Lemon Grove Youth Center. They replace George Finegan who was declared ineligible.

The board pointed out that Finegan did not represent an organization and that such representation is mandatory to hold executive offices.

A meeting has been scheduled between the new committee and an elementary school associated group which produced a successful program in Monterey Heights during the summer. Possibilities of integrating the two programs will be explored. Results if this meeting will be aired at the next regular Youth Center Control Board meeting on December 7th.

The public is invited to the latter meeting.

Schools To Provide Registrars For Coming Bond Election

To become eligible for voting in the coming February school bond election, residents of Lemon Grove should register 54 days before the election which makes it Xmas Eve. Those who are new to California must have lived in the state at least one year, resided in San Diego County at least ninety days, and been in this district a minimum of fifty-four days.

To help provide facilities for registration of residents and to render such registration easily accessible to all, some school personnel have been made deputy registrars. People wishing to register need only to visit any of the five schools in the district, or the school district office on Acacia Street. Registrars include Irene O'Connor, main office; Robert Sutton, San Miguel; Ramona Petersen, Vista La Mesa; Dorothy Furgeson, Monterey Heights; Clarine McDermott, junior high; and Mary Schmidt, entire district.

Henry Cappels Return From Trip

Mr. and Mrs. Henry Cappel, 6830 San Miguel, have returned from a week's visit with their daughter, Sister Ruth Miriam in Albuquerque, New Mexico. She is Sister Superior of St. Mary's Elementary School in that city.

Dog Poisoners Reported To Sheriff's Office

A group of incensed Spring Valley residents last week complained to the Sheriff's Office in Lemon Grove that a series of dog poisonings was endangering the lives of the children along Vista Drive.

Six dogs have died within the past 30 days as a result of poisoning claimed by the group to be strychnine.

One of the group, Ellsworth Marsteller, 9350 Vista Drive, paid $45 to have the contents of one of his dogs analyzed. "While I hate to see the dogs die I fear even more for youngsters along our street who might be killed as a result of this maniac who is placing poison about. One of my dogs was unleashed for just a few minutes when he started back for the house as he approached the front door he stiffened, fell over and died. I have two children of my own and my tenants have three children. If any of these youngsters came in contact with the poison it would be murder."

Others in the group who protested to the Sheriff's Office were Silvio Nuti, 9358 Vista Drive, and Ed F. Anderson, 9345 Vista Drive.

Nuti said that several other dogs had died and many had become ill as a result of the poisoning but these were not reported to the Sheriff's Office.

Anderson said that Vista Drive is heavily populated by youngsters and that setting poison presented a problem which frightened all of the residents in that area.

The Sheriff's Department promised a complete investigation and immediate action on the poison setter.

New Market To Start Monday

The ranch market which is being enlarged at Broadway and Massachusetts will start operation Monday, according to Owen Sharp and Mel Hammerstein, market owners.

It will be a trial run to get stock complete before the three day grand opening scheduled for Monday, Tuesday and Wednesday, Nov. 23, 24 and 25.

The firm is still seeking a name and a $50 merchandise certificate will be given to the person who submits the name chosen. Deadline is Nov. 25 and winner will be announced in the Lemon Grove Review on Dec. 3rd.

Joining the firm for the new venture is Robert Mincks, who will introduce a complete meat market. Mincks is well known throughout San Diego County.

Hammerstein said another well known grocery man, Norris Trockman, will be store manager.

United Success Drive Nears Grove Goal

An expression of thanks was offered this week to Lemon Grove residents by Arthur Thomas, principal of Monterey Heights School, for participation in the Grove Red Feather Drive.

Thomas said that the quota of $5,000 established for Lemon Grove would possibly be reached. $3,500 in contributions had been pledged or paid in by the end of last week, Thomas said.

The bulk of contributions came from the business district where the Business Women's League made collections. This group blanketed the area more thoroughly than it ever had been covered in the past.

Other organizations assisted in the drive. A complete list of collections by clubs will be made next week.

Regular Meeting For A.B.C. Delphians Tuesday

Alpha-Beta-Chi Delphians will hold a regular meeting Tuesday, November 17 at the Hilltop Chateau. Discussion topic, Marriage and Motherhood.

In 1952 more than a third of San Diego traffic deaths were pedestrians who were killed crossing a street.

The "sewer soup" that the lowland area residents of Spring Valley found themselves in as a result of the failure of the sewer bond issue to pass last month, had slopped over into Lemon Grove property owners' this week.

All proposed building east of Massachusetts has been banned unless the property is on a sewer line, it was announced this week by County Health Department.

"Each request to build will be examined separately," stated James P. Slater, chief of Sanitation, Department of Public Health. "We do not mean to say that no building will be permitted but on the other hand we are going to make certain that our sanitation standards are going to be met."

Slater inferred that lots measuring an acre or more could contain septic tank effluent. Some small lots probably can too but they must stand a percolation test before permits will be issued.

Tightening up on enforcement of the law is a result of heavy residential growth in Lemon Grove and the imminence of the rainy season, the Health Department said.

Realtors and property owners alike are looking with jaundiced eye at the turn of events which all but stopped real estate turnovers in the entire area.

Hardest hit, naturally, was Spring Valley, where the Health Department said 75% of requests to build are being turned down. Literally no permits are being given on the floor of the valley.

Property owners were further harassed in the Spring Valley area by lack of financing as reports of banks and other lending institutions pulling of the market were received.

Reported John Abbott, Spring Valley realtor and president of the County Development Federation, "Construction has stopped dead and some lot owners are taking a licking in what should be one of the most profitable markets in the county. Property values have become so depressed that I have asked the county assessor to re-examine assessments in Spring Valley."

Arthur Eddy, county assessor's office, stated that a reduction in assessed valuation for Spring Valley property owners was not an impossibility."

A group of property owners has called for a meeting in Spring Valley early in December to facilitate the reduction.

"Under any other circumstances," Gil Ray, another Spring Valley real estate man, pointed out, "such a reduction would be a windfall. When the assessor's office recognizes the loss we are suffering due to lack of proper sewage disposal it indicates we have come to a sad state of community affairs."

Another crisis will come when Spring Valley schools hold budget hearings. Schools will have operational difficulties with less money available. This probably will be overcome by an increase in the school tax rate.

In Lemon Grove proper, at least one residence was "red tagged" last week by County Sanitation, Dave Siegel, for failure to meet county sanitation standards. The action followed court action and a $200 fine.

Roy Nielsen, Lemon Grove realtor, said that 7 out of 10 prospects demand sewer service and that 9 out of 10 lending agencies were refusing new financing on suburban property without sewers.

In Spring Valley, which Dr. J. B. Askew, City and County Director of Public Health called the county's greatest trouble spot, a group, the Mountain Valley Taxpayer's Association, has offered to present "any workable sewage plan" to the Board of Supervisors to replace the one defeated in a hotly fought contest which they spearheaded. Earl Barnes, president of the MVTA, said, "As yet no request had come from any Spring Valley group. We have been erroneously quoted as saying we would develop and present a sewer plan. This is not so. We did offer to assist in any plan that most people want and we are on record as being willing to cooperate and assume leadership for a practical, honest and equitable plan if we are asked to. Conversely, if the Supervisors present a workable plan which we feel would be acceptable to the local residents, we would present the plans with equal enthusiasm."

The City of San Diego reports that no additional areas outside the natural drainage area would be taken into the San Diego system. An attempt by some residents in east Lemon Grove to form a sewer district to hook on to the present Lemon Grove sys-

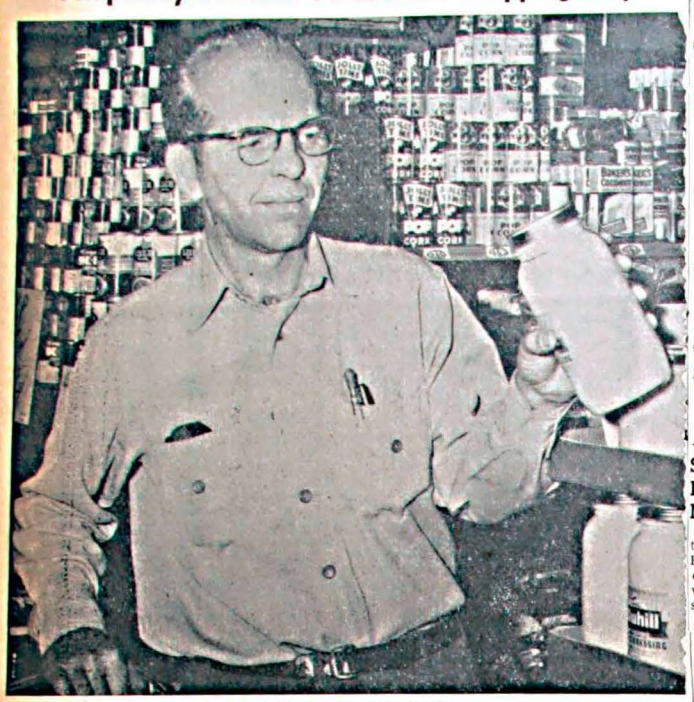
Temporary Bachelor Finds Davis Shopping Easy



Occasionally the man in the family has to do the shopping alone. This proved to be a pleasant chore for Raymond J. McGowan who lives in Spring Valley.

His wife, Hilda, who is a stenographer, was out of the city. Raymond, who is a chemist said, "Davis Market is convenient for us. Nearly all of our neighbrs in Lomita Village shop here too. It seems to me they make grocery shopping easy for housewives because the market is well organized and as complete as any market I've been in. The parking problem, which bothers us when we go to other places is no trouble here at all. We have definitely decided to make Davis our headquarters permanently."

Davis Food Center is open every day and a newly enlarged parking area adds to the convenience of shoppers. —ADV.

Each Grove Family Owes U. S. $2,000

More than $6,000,000 will be paid by California taxpayers toward the 1953-54 budget recently approved by Congress.

According to the National Association of Manufacturers, California's per capita tax for fiscal 1954 is $199.45, including direct and indirect taxes this means a tax bill of $1,997.80 for the average four person family.

Biggest item is the Department of Defense appropriation of $3,000,000 or $251.35 per capita.

Public debt is next with 6.4 billion for an average of $48.60 per person.

The NAM study points out that the California taxpayers will be paying about six million dollars for six blilion dollars worth of federal government.

NAM figures argue for support of the administration's effort to cut expenses, they say, and eliminate waste and balance the federal budget. End of appeals for federal handouts and restoration of sound economy and bringing the government back home are among some of the arguments that NAM offers for reduced tax expenses.

Wrong Trustee Named In Election Story

The story concerning a five-man board for the Lemon Grove School District Trustees inadvertently reported that Harry Griffen's term expired in May.

Griffen's term expires in 1955. Robert Brown, a Vista La Mesa resident who was appointed to the board to replace attorney Vroman Dorman who resigned, is the trustee whose term expires in May 1954.

The story reported that the three-man board, which now is used, will remain three men unless voters in May indicate they want five men to serve.

Griffen is the oldest member in point of service.

GARDENER'S CHECKLIST

By the California Association of Nurserymen

1. Try planting Daffodils, Tulips and Hyacinths in pots. Plant three bulbs to a 7 or 8" pot. Sink pots in flower border. Potted bulbs can be removed after flowering and allowed to die in a less conspicuous part of the garden.

2. It is time for a fall clean-up spray. Many insect pests are most vulnerable at this time.

3. Hasten with all gardening activities, soil preparation, and plantings. Before long the winter rains will interfere with gardening.

4. Plant in the vegetable garden: carrots, beets, turnips, lettuce, onions, peas, cabbage and cauliflower.

5. Many flowering plants can still be set out for winter and early spring bloom. Pansies, violas, baby primroses, cinerarias, calendula, snaps and stock.

L. G. Woman's Club Jrs. Notes

by Barbara Cohenour

Plans for the future Youth Center Program introduced by the Lemon Grove Juniors at the recent meeting of the Youth Control Board, will be studied by a newly appointed committee of Junior Club women.

The committee which will perfect the plan before it is presented to the Recreation Planning Committee by co-chairmen Mrs. Ralph Kraft and Mrs. Fred Cohenour this week include Mmes. Leroy Bellwood, S. C. Brumbaugh, L. Cybrowski, Harold Hatton, Leon Myer.

Ways and means of increasing funds already earmarked for the project will also come up for discussion by the committee.

Major part of the present project is to expand the present Youth Center and obtain additional space and additional room formerly occupied by Civil Defense may become available, the committee feels.

Lemon Grove Civil Defense

By Charles Gurley

Asking my boss, Dr. Frank B. Gigliotti, which others I might interview, he suggested I have a talk with Mrs. Charles W. Brown who was our 3rd Alternate Warden for our Lemon Grove zone, the District Warden for the First District and a member of our Advisory Board, also a very active lady.

Telephoning Mrs. Brown, I found her very busy with any number of things, but she took the time to tell me that she regards this civilian defense work as highly important, "I think that we who have children in the service are apt to realize more than otherwise that we cannot do enough to hold up our end of this whole affair."

"We need workers who will give us a few hours a week, we try to spread out the work so that it will not be a burden on anyone, but in spite of this it seems as though we were forever, working that good horse to death. The survey we are now making to learn the more intimate things about our people, has only ten houses assigned to each worker. This shouldn't be burdensome on anyone, and wouldn't be if we only had more people volunteer.

"So any who have been holding back, please step right up to anyone you see or know to be working in civilian defense, and tell them you are willing to give a little of your time and he or she will tell you to whom you may apply.

Turkey Dinner At VLM Church

The Fellowship Class of Vista La Mesa Christian Church is sponsoring a turkey dinner on Wednesday, at 5:30. The menu also includes pumpkin pie and home made rolls. This class is becoming known for the delicious dinners it serves. Why not enjoy an early Thanksgiving dinner with your family without all the bother of having to prepare it? Proceeds go to help build the new educational unit so badly needed by the Sunday School classes.

Above are Mr. and Mrs. Schrage and Clarence Milbrodt.

Silverware Is Mis-Priced

A 52 piece Rogers Silverware Set was advertised in the REVIEW last week for $74.50.

The advertiser was McMahan's. Don Dolence, the manager, says that even so the silverware set is available on a no money-down arrangement and $1 per week. He also pointed out that it would make an ideal Christmas gift or a good home purchase for Thanksgiving time.

WE WONDER HOW MANY OF us realize that the cost of running our Church Sunday Schools has risen along with everything else. Thousands of youngsters have come in to our community and our churches are doing a grand job of providing a program for them. But it's a struggle. Space and materials are at a premium.

What say we reexamine junior's Sunday School allowance? A nickel or a dime a Sunday did the job when we were kids, but it just won't cut the nut today.

As most people know Helix is trying to breakaway from the traditions of its (supposed) big brother, Grossmont, and as most people know Grossmont, this year in football are losing their fourth between University and El Cajon is right on schedule according to local co-owner Ray Snyder. Forty-five beds will be ready for occupancy shortly after the first of the year and an additional fifty-five beds will be ready soon thereafter.

games by monstrous amounts of points, well Helix isn't succeeding its attempt. Last Friday nite Helix played like Grossmont in losing the Helix-Hoover game by a humiliating score of 50-0. Enough said!

Metro League Football standings: Chula Vista (6-0), Sweetwater (5-1), Oceanside (5-1), Vista (2-3-1), San Diequito (2-4), Mar Vista (2-4), Escondido (1-4-1) and Coronado (0-6).

City League football standings: San Diego (4-0), Hoover (3-1), La Jolla (2-2), Pt. Loma (2-3), Helix (1-4), and of course in last place (big brother) Grossmont (0-4).

Top three scoring leaders: Hernandez, Hoover, 28; Jordan, Helix, 26; and J. Adams, Hoover, 25.

Tonight, Friday the thirteenth, Helix plays host to a powerful St. Augustine '11' at Aztec Bowl, with the kick-off at 8. St. Augustine is rated over us, but it should be a good battle on the lighted gridiron.

Sport flashes— Grossmont (Ha Ha!) 0 - St. Augustine 20. . . . Helix JV 7, Hoover JV 6 . . . Helix Frosh 0, Oceanside Soph 12.

tem has been rejected by San Diego city officials. O. W. Campbell, city manager, says that the city will have difficulty in handling the additional gallonage that current city growth is feeding into the system.

The new Broadway trunk can handle Lemon Grove for several more years, the Health Department stated. Beyond that, hope lies in the County Master Plan.

IN FIGHT OVER CHILD CUSTODY

PLANNING TO LIVE in England where husband, Elsbridge Bruce (right), Negro graduate of Howard University is continuing education, Mrs. Bettine Field Bruce (left), has asked New York court for permission to take daughter with her despite objections of former husband, Dr. MacChesney Goodall, Jr., assistant professor at Yale University's Medical School. Mrs. Bruce is daughter of Marshall Field, heir to department store fortune. *(International)*

There will be 400 children this year placed in sympathetic homes for licensed adoption by Children's Homes Society of California thru its state-wide program.

In San Diego County the society operates thru the Community Chest. Seven of the tots to be adopted are shown in the picture above.

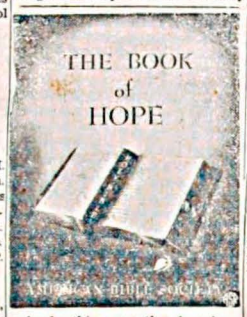
No Traffic Deaths In Grove Area

Traffic deaths in San Diego County are 25% lower this year than last, according to the San Diego County Traffic Safety Council.

Only two cities remain deathless as of November 5. They are Escondido and Coronado. In Lemon Grove there were no deaths, according to Deputy Will Rigley of the Sheriff's Department.

On the county and state highways deaths totaled 80. All deaths in the county totaled 148 against 203 last year.



Again this year the American Bible Society is sponsoring World-wide Bible Reading from Thanksgiving to Christmas. The readings listed below exemplify the Bible message of Hope—the theme of this year's program.

Teen-Age Traffic Conference Held

A special meeting was held on Thursday, October 29 in San Diego concerning the possibility of having a Teen-Age Traffic Safety Conference. Those attending from Helix High School were Marilyn Kresser, Carol Donohue, Jeerelyn Taylor and Bob Tilling. Bill Hire and Mr. Douglas Kerr, Driver Education instructor.

The purpose of the meeting was to discuss the possibilities of the conference. The special group consisting of about 75 members decided that a conference in San Diego would be very advantageous to teenagers, as well as adults.

A planning committee has been set up and the next meeting of the organization meeting will be held November 19.

Tuberous Begonia Mildew Is Controlable

The mildew that attaches to Lemon Grove Tuberous Begonias is known as "powdery mildew." In its primary stages, "powdery mildew" appears on leaves as a grayish powder — in small irregular spots. If left uncontrolled, it may cover the entire plant and destroy it.

Mildew control is relatively simple and inexpensive. As the plants begin to grow, dust them with sulphur, repeating the operation every ten days to two weeks until blossoms appear.

If carefully done with a duster, the sulphur will hardly be noticeable. Do not apply it too heavily, as it will give the plant an unattractive appearance.

Local Hi-Y Boys Plan For Tourney

Dick Diedrick of the Lemon Grove Hi-Y of Helix High School headed a sports meeting Monday evening at the downtown YMCA. The club will practice basketball in preparation for the winter inter Hi-Y Club Basketball Tournament in January. Mr. Frank Cross, Helix High, is advisor.

Tired Old School Too Busy for Retirement

From the Historical Collection of Union Title Insurance & Trust Company

When the original Franklin School was completed in 1903, it represented a complete change in architecture from earlier San Diego schools. Gone were the fancy bell towers and gingerbread; the new building at 825 Union Street was of simple construction with clean lines.

This photograph from the historical collection of Union Title Insurance and Trust Company shows the new school's 1903 classes. After twenty-four years of regular classes, the school was taken over by the Board of Education as an Administration Building in 1927.

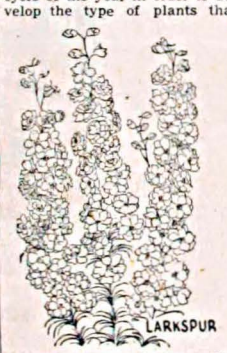
It served in this capacity until 1952, when the new Education Center was completed on Normal Street. But even then the aged building escaped well earned retirement. Overflow vocational classes still meet in the old building, making Franklin the oldest school in San Diego still attended regularly by students.

San Diego's first school still stands in Old Town, but classes there were discontinued in 1873; the Little Sherman School still stands on Market and 18th Street — having served for many years as headquarters for Volunteers of America.

Larkspur Thrives In Grove Gardens

A planting of larkspur in Lemon Grove is good for an amateur gardener's ego, as here is one plant that thrives on winter neglect and continues its skyward spiral come rain, come wind or come cold to give us a dazzling show of spring color that is surpassed only by its aristocratic cousin, the lovely and lordly delphinium hybrid.

Larkspur set out from flats now are given a good start in life. They need to tuck their roots deep into the soil in the cold cycle of the year in order to develop the type of plants that



LARKSPUR

produce the best of bloom. The sooner planted the better the show of spring color.

Larkspur grow tall. Use them as a background planting in the rear portion of a wide sunny bed with the plants spaced about one foot apart. They require little or no fertilizing and should be kept on the dry side for best results. For these reasons they are good companion plants with gaillardia, coreopsis, geum, geranium, carnation and godetia which are also drought resistant, sun loving plants.

Larkspur is a grand cutting flower even thoough it shatters in about five days. Try cutting the stem slantwise in the early morning and plunging it deep into a container of ice water for ten minutes before arranging for best results. Be sure to plant at least a small bed of this bright-colored, eye-appealing annual for the plants will seem to grow themselves.

Junior Achievement Is Toastmistress Topic

Suburban Toastmistress Club met Wednesday night at Rose Hedge Manor. Members heard a fast moving radio commentary concerning the organization by Mrs. Betty Dennis and Mrs. C. Kranch.

Mrs. Edell spoke on "Junior Achievement."

GUEST MEALS come often in the weeks ahead with many supper parties and friends "dropping in." Developing a specialty dish will make fall and winter entertaining easy—and successful. Why not try a barbecued pork roast?

A luscious barbecue sauce brings out the best in most meats—pork, beef, or chicken. A "jewel" of a sauce is made with condensed tomato soup, onion, garlic, vinegar and other seasonings. Since pork is in good supply, this is a fine time of year to cook a pork roast—barbecue-style.

A big beautiful pork roast, fixed barbecue style, brings cheers from everyone, cowboy to school-boy. The sharp-rich barbecue sauce can be rounded up in a hurry. It's a blend of tomato soup and lively seasonings.

Brown potatoes in the oven while the roast is cooking. And about supper time, you can toss a green salad. Finish the meal with a dessert of apple pie and cheese. (With the pie made ahead of time—you will be a relaxed hostess and among happy guests.)

Oven-Barbecued Pork

1 5-pound pork loin
½ cup finely chopped onion
½ cup finely chopped celery
½ clove garlic, minced
2 tablespoons brown sugar
2 teaspoons prepared mustard
1 can (1¼ cups) condensed tomato soup
2 tablespoons Worcestershire sauce
2 tablespoons lemon juice or vinegar
4 drops Tabasco sauce

Place pork in a shallow pan and roast in a slow oven (325° F.) for 2 hours. Combine remaining ingredients for sauce; mix well and pour over roast. Continue cooking for 1½ hours, basting frequently. Serve hot barbecue sauce over pork slices. Makes 8 servings.

True Being Immortal Sunday Lesson Declares

Contrasting the false sense of existence with the true state of man's being will be the keynote of the Lesson-Sermon on "Mortals and Immortals" in all Christian Science churches this Sunday.

A verse from I Corinthians (15:49) is the Golden Text: "As we have borne the image of the earthy, we shall also bear the image of the heavenly."

District Teachers OK Success Drive

A resolution, stating that the organization will endorse and support the United Success Drive 100%, was passed on October 29 by the Lemon Grove District Teachers Association. An all-out drive is being conducted in all schools among the teachers, headed by Keith Dolan, building representative chairman.

Before the short business meeting, Edna B. Ziebold, coordinator of library services for the county schools, spoke to the faculty on new organization of the department. Club representatives to the Seeley conference gave reports to members. These included Leota Holcomb, Bob Offord, and Peg Darroch. Camp Cuyamaca reports were made by John Strawn, Alice Hacker, Dorothy Geissler, Bob Harvey, and Keith Dolan. Louis Poluzzi presided at the meeting.

Grace Burks explained in an inspirational two-minute speech just what the motto for the year means to her as a teacher. The motto, adopted by the group last spring, is "All children deserve good teaching."

The next meeting of the association is scheduled for December 11, at which time a dinner program is planned.

Golden grapefruit globes, chockful of tangy flavor, for breakfast halves, thin-skinned juicy oranges perfect for reaming. For the sweet-tooth members of the family, set out the honey jar along with the rest of your tasty breakfast. Stanford Prof. Queries School Quackery

San Francisco—Dr. Lucien B. Kenny, professor of education at Stanford University, this week stated that "no profession has ever subjected its program of preparation to so searching and exhaustive appraisal as has education."

The statement was to refute the arguments of Albert Lynd's "Quackery In The Public Schools."

He points out that California is among forty-five states requiring four years of college for the secondary teacher including an average of 15% of courses in professional education.

"The Movement toward higher professional standards will have public support so long as the people have a share in defining and establishing professional standards," he concluded.
